## Hei-VAP Industrial with glassware KC

- Picture similar
- Excellent user safety with high-impact transparent PMMA door
- Non-fogging safety glass and metal frame guard hood provides excellent user protection
- The evaporation flask is illuminated during operation for increased visibility
- Universal heating bath accommodates water or other bath fluids allowing for temperature settings up to 180 °C
- Receiver cassettes and additional PMMA door housing protect against threat of glassware breakage
- Comes as standard with integrated refill water system, spillover prevention and a release valve at the bottom
- Optional Base Cart is fully-maneuverable with removable panels for storage of vacuum pump, glassware, solvents or accessories
- Certification according to GMP available for this model: validation for installation (IQ) and operating qualification (OQ)
- Large touch screen control panel with illuminated displays for all process parameters, programmable ramps

Hei-VAP Industrial model with glassware KC - Condensate trap for low-boiling solvents; cooling by dry-ice

This glassware assembly comes with one 20-I evaporating flask and two 10-I receiving flasks

## Hei-VAP Industrial - Technical Data

| Rotation speed indicator                                    | digital   |
