DYNEO DD-BC26 Heating circulator

DYNEO DD heating circulators for internal and external applications are equipped with closed bath tanks. The tanks are well insulated and include a coil for counter-cooling. An integrated drain tap makes emptying the tank safe and clean. The multilingual 3.5-inch color display and unique rotary knob provide for straightforward and intuitive operation.

Optional analog and digital interface

DYNEO circulators can optionally be equipped with analogue or digital interfaces. To request the options, order number must be extended with .d for the digital and .a for the analog interface (9XXX XXXX.A / 9XXX XXX.D)

Product features

- · powerful and infinitely adjustable pressure pump
- Flow rate 27 l/min, pressure 0.7 bar
- · easy switching between internal and external circulation
- large color TFT display, multilingual interface
- central rotary knob (controller) simplifies operation
- Integrated programmer
- Integrated external Pt100 connection
- USB connection
- RS232 interface or analog interfaces (optional)
- integrated drain makes emptying liquid easy and safe.
- High-quality thermal insulation of the bath tank
- · Models for internal and external applications from 3 to 26 liters
- Integrated pump connection M16×1

Setting the resolution of the temperature

Handle with ease.

Makes day-to-day work easy. Comfortably move your JULABO Circulator around by using the ergonomic handles (front and rear).

±0.01 +5 ... +40

0.01

Wide range.

Refrigerated and heating circulator in various combinations, circulator in various sizes. Maximum flexibility through a large selection of accessories.

Information. Everything clear. Information in plain text on a large color screen.

Highly precise

PID Temperature control with drift compensation and adjustable control parameters, temperature stability $\pm 0.01...\pm 0.02$ °C

Brilliance. In color.

Large color display with vivid luminance is easy to read, even from a large distance.

M O

Multi-lingual. Operation in multiple languages.

Turn. Push. Go. Easy operation of all parameters using the central controller.

Powerful. Adjustable. Strong pressure pump, continuously adjustable.

RS232. Connection using the optional RS232 interface.

Temperature. Under control. External Pt100 sensor connection for precise measurement and control directly in the external application.

Process stability. Early warning - visual and acoustic - of critical states increases process stability.

ATC3. Calibration.

'Absolute Temperature Calibration' for compensating a physically caused temperature difference, 3-point calibration.

Connection. Easy.

Inclined pump connections (M16×1) facilitate the connection of applications. Each unit includes 2 barbed fittings of 8/12 mm diameter each.

100% Checked.

100% testing. 100% quality. Each JULABO Circulator undergoes thorough quality testing before leaving the factory.

Tidy. The special drain tap for easy draining of bath fluids without tools.

Green technology.

Development consistently applied environmentally friendly materials and technologies.

Programmer. Integrated. The integrated internal programmer makes it possible to automatically run temperature time profiles.

USB

Remote control made easy using the integrated USB interface.

Analog I/O. Analog interfaces for integration into process control systems (optional).

Fill level. Monitored. Fill level indicator on the display for heat-transfer liquid.

Process. Under control. Full regulation of the dynamics control, access to all important control parameters for individual process optimization.

Stable. Mobile.

Rubber feet keep JULABO Circulators standing firm. Larger and more powerful units also have integrated rollers for easy handling.

100 % Cooling capacity

'Active Cooling Control' for cooling available throughout the entire working temperature range, fast cool-down even at higher temperatures

Solid. Minimized energy loss through high-quality insulation.

Condensation protection. Superb design solution. Integrated ventilation directs air over the bath lid and minimizes condensation.

JULABO. Quality. Highest standards of quality for a long product life.

3

Quick start.

Individual JULABO consultation and comprehensive manuals at your disposal.

Satisfied customers.

11 subsidiaries and more than 100 partners worldwide guarantee fast and qualified JULABO support.

Services 24/7.

Around the clock availability. You can find suitable accessories, data sheets, manuals, case studies, and more at www.julabo.com.
