## FPW55-SL Ultra-Low Refrigerated / Heating Circulator

The Ultra-Low Refrigerated Circulators of the HighTech Series with HL or SL circulator feature powerful pressure and suction pumps. The instruments provide the entire variety of functions of the professional HighTech Series of circulators.

#### **Product features**

- VFD COMFORT DISPLAY
- LCD DIALOG DISPLAY backlit for convenient interactive operation
- Keypad for setpoints, warning/safety values and menu functions
- ICC (Intelligent Cascade Control), self-optimizing temperature control
- TCF Temperature Control Features to optimize the control behavior
- ATC3 3-Point-Calibration
- Pt100 External sensor connection for measurement and control
- SMART PUMP, electronically adjustable pump stages
- Unique early warning system for low liquid level
- Adjustable high temperature cut-out, visible via display
- RS232/RS485 interface for online communication
- Integrated programmer for 6 x 60 program steps
- Connections for solenoid valve and HSP booster pump
- Proportional cooling control
- Active Cooling Control

#### Performance values

| 400V/3PNPE/50Hz (Plug 32A CEE)  |         |  |  |  |  |
|---------------------------------|---------|--|--|--|--|
| Heating capacity kW             | 3       |  |  |  |  |
| Viscosity max. cSt              | 70      |  |  |  |  |
| Pump capacity flow rate I/min   | 22 26   |  |  |  |  |
| Pump capacity flow pressure bar | 0.4 0.7 |  |  |  |  |
| Maximum suction bar             | 0.2 0.4 |  |  |  |  |
| Power consumption A             | 20      |  |  |  |  |

<sup>1</sup> Performance specifications measured in accordance with DIN 12876. Cooling capacities up to 20 °C measured with ethanol; over 20 °C with thermal oil unless otherwise specified. Performance specifications apply at an ambient temperature of 20 °C. Performance values may differ with other bath fluids.

### All Benefits

For flammable bath fluid Classification III (FL) according to DIN 12876-1

Full regulation of the dynamics control, access to all important control parameters for individual process optimization.

Process. Under control.

Early warning system for high/low temperature limits

Maximum safety for applications, optical and audible alarm, convertible to automated cut-off function

Connection of additional equipment Stakei connections for solenoid valve, HSP booster pump and HST booster heater

Control of the external application External Pt100 sensor connection for precise measurement and control directly in the external application

100% Checked.

100% testing. 100% quality. Each JULABO Circulator undergoes thorough quality testing before leaving the factory.

JULABO. Quality. Highest standards of quality for a long product life.

Satisfied customers.

11 subsidiaries and more than 100 partners worldwide guarantee fast and qualified JULABO support.

#### Intelligent temperature control.

Intelligent cascade control - automatic and selfoptimizing adaptation of the PID control parameters with external stability of +/- 0.05 °C.

ATC3. Calibration. 'Absolute Temperature Calibration' for compensating a physically caused temperature difference, 3-point calibration.

100 % Cooling capacity 'Active Cooling Control' for cooling available throughout the entire working temperature range, fast cool-down even at higher temperatures

Energy saving cooling

Proportional cooling control for automatic adjustment of cooling power or temporary switchoff of compressor as needed to save up to 90 % energy in comparison to unregulated cooling machines

Clever pump system Reliable and consistent pump capacity, electronically adjustable pump stages

Condensation and ice protection A heated cover plate prevents condensation or ice build-up in the bath

Green technology. Development consistently applied environmentally friendly materials and technologies.

Ouick start.

Individual JULABO consultation and comprehensive manuals at your disposal.

#### Services 24/7.

Around the clock availability. You can find suitable accessories, data sheets, manuals, case studies, and more at www.julabo.com.
